

# SR 9 and Northport Road Intersection Improvement Project/ Noble County DES. 1601984 and 2000041

## PROJECT DETAILS

The purpose of this project is to address the high rate of accidents at SR 9 and Kelly Street and provide an at-grade intersection at SR 9 and Northport Road, in place of the existing bridge. SR 9 will remain a free-flowing roadway, with Northport Roadway meeting SR 9 at-grade with a two-way stop. SR 9 will retain two through lanes, one in each direction, and gain a protected left turn lane. Northport Road will remain as a two-lane roadway, one lane in each direction.

During construction SR 9 and Northport Road will be closed to traffic with an official detour route utilizing US 6, SR 5, and US 20.

Acquisition: 3.37 acres of permanent right-of-way is anticipated in order to construct the proposed project improvements.

**PROJECT NUMBERS:** 1601984/ 2000041  
**PROJECT STATUS:** In Design  
**ANTICIPATED CONSTRUCTION START:** Spring 2022  
**ESTIMATED CONSTRUCTION COST:** Approx. \$2.5M
